

## The Memory Thief: Comprehension Quiz

### Question 1

Type: True/False

Question: In "The Memory Thief," the protagonist can erase people's memories permanently.

Correct Answer: False

Explanation: The protagonist can *steal* memories but cannot erase them completely—they still exist in his own mind.

---

### Question 2

Type: Multiple Choice

Question: Why does the Memory Thief refuse to steal a childhood memory from an old man?

Options:

- A) He fears the memory is cursed
- B) The memory is too painful for him to hold
- C) He realizes it's the man's last happy memory
- D) The government forbids it

Correct Answer: C) He realizes it's the man's last happy memory

Explanation: The Thief shows unexpected mercy when he understands the memory's emotional value.

---

### Question 3

Type: True/False

Question: The Memory Thief uses his ability for personal profit.

Correct Answer: True

Explanation: He initially steals memories to sell them on the black market.

---

### Question 4

Type: Multiple Choice

Question: What is the Thief's greatest weakness?

Options:

- A) He becomes addicted to others' memories
- B) His own memories start fading over time
- C) He cannot steal memories from children
- D) The government tracks his actions

Correct Answer: B) His own memories start fading over time

Explanation: The more memories he steals, the more he loses his own past.

---

### Question 5

Type: Short Answer

Question: What moral dilemma does the Thief face at the story's climax?

**Correct Answer:** He must choose between stealing a life-saving memory (to sell for medicine) or leaving a dying person with their last moments intact.

**Explanation:** This conflict forces him to question his ethics.
